

# Trails End Community Association

## 2015 Membership Form

The Trails End Community Association was formed to support a healthy and vibrant community through the development and maintenance of neighbourhood recreational opportunities that improve the well being of area residents.

The current focus of the Association is on the community garden, although in the future this society could work on other beneficial projects in the community. The community has been defined as Trails End Crescent and the surrounding area within a radius of 500 metres.

Membership in the Association gives you the opportunity to participate and provide input to a number of projects that directly affect residents of Trails End and the nearby community. You can also vote either in person or by proxy at the yearly Annual General Meeting, to be held in November each year.

This Association is completely separate from the Trails End Condominium Corporation, so there is no obligation as a Condominium Corporation member to be a part of this society or the community garden project. However, everyone is welcome to support the Association, to participate and to contribute thoughts and ideas.
